March 30, 2021

Dear Notre Dame School Parents and Guardians;

As you are likely aware, updates to the COVID-19 Public Health Guidance for K-12 Schools were released yesterday; the full release can be found [HERE](#). Notre Dame School has been diligently following all guidelines and requirements as outlined by the Provincial Health Officer, the Ministry of Education, and the British Columbia Centre for Disease Control, and will continue to do so. The following change pertains to students and is important for parents to understand.

- “The Public health guidance for schools will be **amended to support and encourage** students from Grade 4 - Grade 12 to wear masks while at school.”

Due to this update, **if you want** your child (ren) to wear a mask, Notre Dame staff will support this. Please ensure your child(ren) in Grades 4-7 have a face mask with them each school day. The mask should be washed after each day or a new mask provided for the next day.

The Daily Health Check created by the Ministry of Education, Public Health and the BCCDC must be completed before heading to school in the morning. Students who are ill are not to attend school and are to call 811 for further direction.
