Re: **After-** School Sporting Events

Dear Notre Dame Families,

With the Northern Health restrictions and waiting for clarity for **after**-school events, we have been directed by the environmental health officer to follow the regional order, which includes:

- All spectators 12 years and older must show proof of vaccination
- Visitors must use masks when inside a school space.
- Athletes on the sidelines should wear masks after they have had a chance to catch their breath.

https://www.northernhealth.ca/sites/northern_health/files/health-information/health-topics/orders/documents/nh-gatherings-events-orders-oct-2021.pdf

This week, these restrictions may change depending on the intention and clarification to align the Regional Health Order with the Provincial order.

We apologize for the late notice; we just received word at noon.

All visitors must still wear masks (unless there is an exemption), respect the personal space of others, sanitize their hands, and sign in before entering the office. Sign-in sheets and hand sanitizer will be placed at the tables of the entrance. In addition, staff will be at the office doors for spectators to sign in from 3:00 -3:15 pm.

We appreciate your support during this gradual return to 'normal' gatherings and events, and we are excited to have you back inside the school doors. Please email or call the office if you have any questions.

Thank you,
Notre Dame Staff
