

Hello!

From the Learning Resource Teacher

September 2023

About Me

My name is Jenna Gilbertson, and I am excited to continue supporting students and teachers this year in Learning Resource. This is my 16th year at Notre Dame School. I attended Notre Dame as a student myself and love the mission behind Catholic education.

I have two sons attending Notre Dame, and my husband and I were both born and raised in Dawson Creek. Here are some of my favourite things!

Learning Resource Program

In my role as the Learning Resource Teacher, I work with students needing support to reach their academic, social-emotional, and/or personal goals. Learning Resource support works through teacher referral and family involvement. I will continue to advocate for students and families by coordinating meetings, co-creating plans of support, and communicating with everyone involved.

Learning Resource support may include:

- Co-teaching with the classroom teacher
- Small group intervention
- Collecting student evidence
- Observation and consultation
- Finding/creating materials and resources to make learning more inclusive
- Setting up technology
- Supporting Educational Assistants

A focus on inclusive learning means I have become more present in all classrooms. I have enjoyed getting to know all students and work with different age groups, teachers, and grade levels. I look forward to working with our students again, and seeing all the great things they will do this year!

Additional Roles

This year, I will be teaching Christian Education in Grade 5.

Additionally, I will continue to serve as a Learning Support Team Lead Teacher for Notre Dame through CISPG, helping our team reach the goals of our school learning plan.

Check out the QR code for my Padlet with links and resources for families, and please contact me if you have any questions. It's going to be another great year!
