

Meet the **TEACHER**

Mrs. Jenna Gilbertson

Learning Resource Teacher

Hello!

This is my 5th year as the Learning Resource Teacher (LRT) and my 17th year at Notre Dame School.

I also work part-time with the CISPG Learning Services Team as Notre Dame's LST Lead Teacher. I get to collaborate with other schools in our diocese and bring back the best professional learning, development, and practices to support our school and staff.

LRT Support

I work with students to reach their academic, social-emotional, and/or personal goals. LRT support works through teacher referral and family involvement. I advocate for students and families by coordinating meetings, co-creating plans of support, and communicating with everyone involved. Support may include:

- Co-teaching with the classroom teacher
- Small group intervention
- Collecting student evidence
- Observation and consultation
- Finding/creating inclusive materials & resources
- Setting up technology
- Supporting Educational Assistants

My Favorites

At home: Spending time with my family, crafting, swimming, coffee, reading

At school: MakerSpace, Doodle Club, singing and dancing, working with all of the different grades, collecting books, designing resources, and my plants
