Learning Resource Support this Term

November 2026

The best part of my job is getting to work with all grades. Learning Resource support has started throughout the school in collaboration with the classroom teachers.

Kindergarten: Small group UFLI Foundations intervention based on weekly classroom progress monitoring

Grade 1: Small group early intervention: reading and writing skills

Grade 2: Small group intervention: writing skills

Grade 3: Classroom support: reading and writing in math

Grade 4: Small group intervention: guided reading

Grade 5: Content-area reading support/adaptations, and short term intervention blitzes based on classroom needs, 1-1 support based on individual needs

Grade 6: Small group intervention: Math

Grade 7: Small group intervention: Vocab Lab, Writing Lab, and Guided Reading

Students with CBIEPs, SLPs, or AIPS:
Plans for current students have been sent home. Teachers are implementing adaptations and strategies to help students meet their goals, supported by EAs.

As the school team, students, or parents notice a need, I am happy to help with locating or creating resources or supports.
